17	I believe alternative locations such as Cowes, Surf Beach or other suitable areas should be considered instead of Rhyll, preferably in a dedicated fenced-off space that does not impact existing parkland or children's play areas.	5/8/2026 11:40 AM

23	Perhaps wider open spaces in another area would be more suitable for a fenced area. People can still walk their dogs on a leash at Rhyll. I don't think residents would like a fenced area close to their property. We have less populated areas on Phillip Island which may be more suitable	5/8/2026 10:14 AM
